Gold King Mine R8 RESOURCE TRACKING 8-12-15.xlsx

Serena – We have been having a daily call with Ben Bielenberg (R8 comptroller), and Missy Milbeck (R6 Comptroller). I have been on the call as has Barbara Lee (SFD) and some of the other SFD people. None of the deployments have gone thru the MTS Comptroller's office. I am fairly sure that our Superfund Division is coordinating with the R8 Incident Command structure regarding deployments. Also since Region 9 is responsible for the Navajo Nation we have people out there doing R9 work.

I will contact Ben and see if this has been any kind of an issue regarding Region 9.

Also, for you information I attached a sample of the worksheet they are using to track resources.

Subject: Regional Support to Gold King Mine Spill

Colleagues,

It has come to my attention that some of you are deploying resources to Region 8 at the request of headquarters to support the spill response effort. I believe our comptrollers have already spoken regarding this situation, but I wanted to reach out to you and let you know that if you have a deployment please have your comptroller contact Ben Bielenberg (R8 comptroller) to work out the time and travel details.

Thanks.

Rick
